

EXECUTIVE SELF-ASSESSMENT & DIAGNOSTIC SCORING

Real Estate Operations Audit & Scorecard™

A structured 11-dimension diagnostic framework for Managing Directors, Chief Operating Officers, and Finance Directors to evaluate operational risk, cash flow leakages, and digital maturity across Nigerian real estate operations.

SCORING METHODOLOGY

Score your organization across 11 key operational dimensions (0–9 points each, plus 1 bonus point for full NDPA 2023 compliance). Total score translates into an Operational Health Band (0–100).

OPERATIONAL AUDIT — PART I

Diagnostic Scoring Dimensions (01–06)

Score each dimension from 0 (High Risk/Manual) to 9 (Automated Enterprise).

Dimension	0–3: High Risk / Manual	4–6: Hybrid / Disconnected	7–9: Automated Cloud	Score
01. Plot & Layout Inventory	Multiple Excel files; frequent double-booking confusion.	Single shared Google Sheet; manual reservation updates.	Real-time plot locking & instant occupancy analytics.	
02. Installment & SOA Tracking	Manual Word SOAs; buyers frequently miss payment dates.	Excel installment schedules; manual payment alerts.	Automated SMS/Email alerts & 1-click verified PDF SOAs.	
03. Realtor Commission Hub	Realtor arguments; manual split calculation on paper.	Basic commission spreadsheet; delayed payout tracking.	Multi-tier automated splits & instant digital vouchers.	
04. Inspection & Lead Pipeline	No formal log; leads lost after physical site visits.	WhatsApp groups for drivers; manual follow-up calls.	Automated inspection scheduling & structured WhatsApp nurturing.	
05. Drip Nurturing & Marketing	Random broadcast blasts; no scheduled lead follow-up.	Manual broadcast lists; inconsistent buyer updates.	Automated multi-step timed SMS/Email drip sequences.	
06. Legal Document Generation	Typing Offer Letters & Deeds one by one in Word.	Word templates with copy-paste buyer information.	1-click PDF document factory with dynamic merge & QR codes.	

Part I Subtotal: _____ / 54 Points

OPERATIONAL AUDIT — PART II

Diagnostic Scoring Dimensions (07–11)

Evaluate governance, diaspora transparency, financial controls, and security.

Dimension	0–3: High Risk / Manual	4–6: Hybrid / Disconnected	7–9: Automated Cloud	Score
07. Diaspora Investor Portal	Overseas buyers rely on WhatsApp photos & chats.	Emailing scanned paper receipts upon client request.	24/7 self-service client dashboard with verified receipts & drone logs.	☐
08. Project Storage & Milestones	Survey plans scattered across personal laptops.	Google Drive / Dropbox folders without role permissions.	Centralized encrypted vault with civil milestone tracking.	☐
09. Expense & Site Accounting	Site cash expenses logged on paper receipts.	Basic Excel expense sheets; delayed profit tracking.	Project-level expense categorization & live cash flow reporting.	☐
10. HR, Leaves & Payroll	Manual monthly salary calculation in Excel.	Separate basic payroll sheet without leave tracking.	Automated salary structures, payslip generation & leave workflows.	☐
11. Multi-Branch & Role Security	Shared passwords; staff can view all financial figures.	Basic computer logins; no action audit logs.	Granular role permissions, tenant database isolation & NDPA audit trail.	☐

TOTAL OPERATIONS SCORE

Sum of Parts I & II + 1 Compliance Point

/ 100

DIAGNOSTIC HEALTH BANDS

Understanding Your Operational Health Score

Identify your operational tier and discover immediate transformation priorities.

0–40 Points: High-Risk Manual Operation

Critical Leakage

Your business is highly vulnerable to double allocations, lost installment collections, and realtor commission disputes. Immediate cloud consolidation is recommended.

41–70 Points: Vulnerable Hybrid Operation

Growth Bottleneck

Your team spends substantial manual hours bridging disconnected spreadsheets. Automating SOAs, document generation, and diaspora portals will accelerate scale.

71–100 Points: Institutional Enterprise

Optimized Backbone

Your operations are centralized and digital. NAW PropertyFlow provides dedicated multi-tenant infrastructure and advanced branch governance.
